RE: Recommendation of RS3

I am pleased to write this recommendation letter as my personal and professional endorsement of RS3 as an outstanding business partner. As the exclusive food & beverage provider for Circuit of The Americas and Austin 360 Amphitheater, RS3 services some of the largest sports and entertainment events in the United States. They are more than a third-party vendor, they are truly a valued partner and tremendous asset to the day-to-day operations of the home to Formula 1 in the United States.

Since my earliest involvement with the RS3 management team, I have found their company to be world class in many ways. From the ownership group down they are focused on providing an outstanding quality product, surpassing the guest's expectations and meeting the financial goals of the client. Their personal commitment to ensuring successful events continuously exceeds our expectations. Whether it's a small private event with upscale catering for 100 people or the United State Grand Prix with 140,000 fans, RS3 has delivered and represented our brand well.

They seek to understand the specific needs of our venue and each event, provide the equipment and staffing required to meet the demand of the event and ensure each team member is trained for that event at our venue. This proven process allows RS3 to deliver an outstanding guest experience at every event.

The company, ownership and management team each hold a fantastic reputation in the sports industry as a partner willing to do whatever is necessary for their clients and the guests. For the aforementioned reasons, I would highly recommend them as a partner for your venue.
